

Quarles & Brady

Female equity partners **19%**

Female nonequity partners **49%**

Lawyers working reduced hours **6%**

WHAT WE LOVE Women serve in positions of power throughout this national firm, which boasts a wide-ranging civil practice. Three women sit on its 12-person executive committee, and four of the firm's six offices are led by women, including its head office in Milwaukee. Women partners lead the finance, legal personnel and diversity committees, as well as two of its 12 practice groups. Flexible scheduling helps with work/life balance, and lawyers on reduced hours stay on the partnership track. Lawyer moms can take a year to phase back to work after maternity leave; last year five women took advantage of the policy.

Quarles & Brady partner Michelle De Blasi practices environmental and natural resources law.
